Subject: Request to Withdraw SMAQMD Rules 1002, 1003 and 1005 from SIP Consideration

Dear Mr. Steckel:

On July 19, 1994, our district adopted three rules to reduce emissions from motor vehicle fleets:

- Rule 1002 – Fleet Inventory
- Rule 1003 – Reduced-Emission Fleet Vehicles/Alternative Fuels
- Rule 1005 – Mobile Source Emission Reduction Credits/Banking

These rules were submitted to U.S. EPA by the Air Resources Board on December 22, 1994 for approval into the California State Implementation Plan. EPA has not yet taken action on these rules. We are now requesting that EPA remove these rules from consideration as SIP revisions.

Please contact me at (916) 874-4802 if you have any questions.

Sincerely,

Larry Greene
Air Pollution Control Officer/Executive Director
